Colman closed his eyes for a moment and breathed a long, drawn-out sigh of relict "They made it," he whispered. "They're all in there."."They won't stop anything, Paul," Pernak said. "They're up against the driving force of evolution. Canute had the same problem."."That's all," Murphy said, addressing the cart. "Ninety-seven, Cordova Village. On your way."."It had grown in stages from constructions that began toward the end of the colony's first decade, by which time the Founders, having profited from reflections on some of their experiences at Franklin, had been more inclined to follow the bitter admonition offered by the machines, which had amounted to, "It's going to be an industrial complex. If you mess around with it, it won't work." The result was a clean, efficient, functional layout more in keeping with what the Kuan-yin's mission planners had envisaged, suitably modified where appropriate to take account of local conditions. Besides its industrial facilities, the complex included a seaport; an air and space terminal distributed mainly across the islands, which were interconnected by a network of tunnels; a college of advanced technology; and a small residential sector intended more to afford short- to medium-term accommodation for people whose business made it convenient for them to be in the vicinity than to house permanent inhabitants, although about half the population had been there for years.
